WORK EXPERIENCE

Frontend Developer

Grestor.co

August 2023 – Present

- ❖ Employed React and Tailwind CSS to craft a visually appealing and responsive user interface, transforming design concepts into interactive and engaging web application.
- ❖ Collaborated closely with UX/UI designers and back-end developers to integrate dynamic features seamlessly into React components, enhancing overall user experience on a high traffic financial services platform.
- ❖ Utilized Tailwind CSS for efficient and maintainable styling, contributing to a cohesive and consistent design system.

Full Stack Developer

Sportsreal

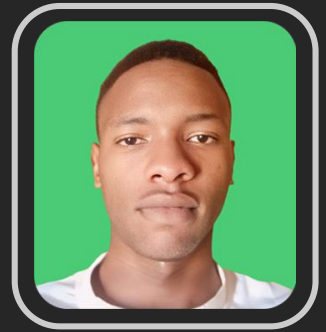

December 2022 – Present

- ❖ Developed a dynamic sports website using React, NextJS, and TailwindCSS, ensuring responsive and performant interfaces.
- ❖ Integrated Firebase for seamless database management, leveraging real-time features for dynamic content updates.
- ❖ Consumed data from the Livescores API, implementing RESTful APIs to facilitate communication between frontend and backend systems.

PROJECTS

- ❖ Tetris game
- ❖ Spotify Login Clone
- ❖ HotForex Landing Page Clone
